

I have been a listener of K-LOVE 91.1 in the Fresno, CA area for over 12 years and I can not begin to tell you how much of an encouragement it has been to me, as well as to others of the local community. It has given much hope to those who had thought it was lost. In the current times that we live in, the HOPE that lies in our God is desperately needed! K-LOVE provides that for us! It is in the public's best interest that we not lose our FM translator service in any area to LPFM! Please, please take into consideration the many, many people whose lives are touched by K-LOVE everyday in America and around the world! We need to be able to continue to listen to the positive and encouraging programming we have come to love and enjoy!

Thank you,  
Carolyn Raborg
